What is Photoshop? Photoshop is a graphics editor originally created by Adobe to help Photoshop users design graphics and images using layers, curves, filters, and other tools. It allows users to edit, combine, and manipulate images using a sophisticated layer system to achieve professional results. Adobe Photoshop is available as a paid app or as a Photoshop element that comes pre-installed on many computers. Learn more: What is Photoshop? Adobe Photoshop Adobe Photoshop elements Adobe Photoshop Elements is a full-featured application from Adobe that enables photographers, graphic designers, web designers, and hobbyists to manipulate images on a professional level. Photoshop Elements is a much more simplistic version of Photoshop, that is designed for beginners. It has basic features that will allow users to retouch images, create new images, manipulate images, and more. Photoshop Elements comes pre-installed on many computers, the only cost is an internet connection. How can I start using Photoshop Elements? If you want to start using Photoshop Elements, you can download it here (Adobe Photoshop Elements) but you will need an active internet connection to do so. This is because of the large file size of the software. The software works in two ways: You can import images (JPEG, TIFF, GIF, and PSD) directly into the software You can import Photoshop files directly into Photoshop Elements Once you have imported the image into Photoshop Elements, you can use the software to do many of the same things you can do in Photoshop. If you are using a computer that does not have Photoshop Elements installed on it, you can download the free trial from the link below, and use it for 30 days. (Don't forget to create a Photoshop account if you haven't already.) You can always uninstall the software and cancel the trial after 30 days. Adobe Photoshop Elements Tutorial Videos 1. Importing images into Photoshop Elements After you've installed Photoshop Elements, you can import images directly from your computer. If your computer doesn't automatically detect the new image as a file, first navigate to the folder that contains the image you'd like to import. You'll be prompted to browse for the image or select it. If you want to open an image that you've previously saved on your computer, click on the image and then click " 388ed7b0c7

Former world chess champion Bobby Fischer comes into a key showdown with the powerful FIDE, the International Chess Federation. The match is said to have been financially backed by both Russia and the United States in a move to boost Fischer's struggle for the world championship. Bobby Fischer faces a key World Championship match in 1972. From "Fischer vs Kasparov" (1991) - "The Battle of the Century": Bobby Fischer, known as the "Pawn King", is one of the most polarizing players of all time. He was a chess player, the undisputed World Chess Champion for eight months, 1960–1971. In 1972, the confrontation took place, in Reykjavik, Iceland, with the USSR's Mikhail Botvinnik. Fischer lost his title to the Soviet champion, Botvinnik. From "Chess 960" (2018) - "Game 16. Fischer vs Spassky": Bobby Fischer (USA) vs Boris Spassky (USSR). Fischer goes into the game with more than twice the total number of rating points, a significant advantage considering the rating factor in the chess960 format. Spassky plays with the black pieces against Fischer's back rank. Fischer opens with Nh3 on move six, before moving to the other side of the board and making his best move to date: Nd7, which Fischer notes is the only logical next move. He then explains: "I was compelled to play this move. Nf3 is no longer necessary. It does not suit my development. It does not suit my style. I'm going to win this game and I'm going to win it thoroughly."MELBOURNE, Fla. -- Tallahassee police said late Wednesday that they have arrested a man who allegedly shot a woman at an apartment complex in the Madison area. Police said in a news release that 35-year-old Jashon Allen Midgette is being charged with attempted murder, aggravated battery with a firearm and domestic violence, the Tallahassee Democrat reported. Midgette was spotted Wednesday morning on surveillance video near his apartment complex when a woman was seen fighting with a man who was armed with a handgun. Get Breaking News Delivered to Your Inbox Police said the two got into a physical altercation and gunfire erupted. The woman was taken to a hospital and is expected to survive. Midgette has an extensive criminal history in Florida that

One in three EU citizens has not heard of the "European Citizen's Charter". The Citizens Charter is an agreement signed by the EU Commission, the EU Council, the EU Parliament and the European Parliament on 12 March 2003. The Charter details a general duty of transparency and openness which should be practiced in all EU institutions and bodies, including EU institutions and bodies charged with proposing or adopting legislation. The Charter also provides for the protection of the rights of individual EU citizens, including the right to access documents held by the Commission (the EU's executive arm), the right to ask the Council to carry out a consultation, and the right to appeal to the ECJ in case of failure to act on requests for access to documents or consultation within a reasonable timeframe. European Commission President José Manuel Barroso The Charter covers all aspects of European policy, all areas where the EU takes decisions. There are eight topics covered: Accessibility of EU institutions to EU citizens "European Parliament and the Council should, without delay, ensure that all documents of their institutions are accessible in the relevant languages of the Member States, on reasonable terms, in an effective and timely way. The Commission should bring forward within six months a proposal that would facilitate access to Parliament and the Council for the benefit of all European citizens." Right to get information from the Commission The Commission should, without delay, bring forward a proposal to ensure access to all documents held by the Commission, both those produced by it and those received from third parties, in the relevant languages of the Member States, in an effective and timely way, without obligations on their recipients to pay, or being bound to pay excessive charges. Periodic transparency The Commission should introduce a timetable and clear criteria for granting access to documents. All documents held by the Commission that may be of interest to EU citizens or that may affect their rights or freedoms should be made publicly available on a regular basis, using open access publishing procedures such as those used by journals or the funding of open access repositories, and using linguistic translation and accessibility of documents for the benefit of all EU citizens. Member States that grant access to their data Member States shall make available to all persons any information that relates to them held by their institutions. For example, they shall make available to EU citizens any information relating to them that relates to an EU citizen which is held by a Member State institution, such as the national statistics office. Member States shall bring forward proposals within six months
