**\$5.99 Quantity** If you enjoyed the first Expansion Pack for Memory Match Saga, then this second one might just change your memory of said game...This expansion brings in four devious but entirely disposable helpers in Bob, Brian, Chris and Dan; and gives each their own ability to help or hinder the drama.You'll also encounter four new characters; Tom, Trish, Tina and... Alison. There are seven brand-new maps included, with 4 more to come for this release, and if you thought those two games were disappointing, this one could just make you sick, because they're definitely horrifying. All expansions are unlocked as soon as you complete your 5-player game. In Memory Match Saga, players take control of a total of six characters; characters A, B, C and D are human, but the D is a vampiress who uses a lot of brains instead of blood. There are 12 narrative locations with 6 characters involved in each, with 5 possible outcomes. The game can only be won by first destroying the other five scenarios so that no more than 5 of the 6 players survive; so there's quite a bit of strategy involved! These cards will see you
