khakee: the movie started excellent with an excellent story-line. but before the end, the movie loses some pace and focus. this means that the film loses some direction and momentum. i loved most of the characters like karthi, sathyaraj, nanditha and rakul. the story-line is nothing new but the basic reason is to work on the emotions of the audience. though the direction was not so good, but the actors did a good job. the general direction of the film is not well-planned. though on the whole the film is made for entertainment but it has good surprises (the dacoit gang and some family problems) and so the film gets very exciting and heart-warming towards the end. if there is a character named maha, then the film is not good at all.
