introduction to esthetics - part 1 - esthetics has been defined in various ways, however, it has been described as "the study of beauty" or the "art of living" or as "the science of aesthetics." some have suggested that esthetics is the foundation for all of medicine and for the rest of life. if esthetics is the science of beauty, it is the foundation of all life. beauty is in the eye of the beholder and can be created by man. the human body is the most beautiful creation. the human eye is the most perfect instrument of sensing and feeling that we have. through the use of colors. man can enhance the body and the eye. the eye can be trained to see colors and to appreciate them. if we can teach the eye to see and appreciate colors, we can enhance and beautify life for ourselves and others. the purpose driven life contains more than twenty-five life-changing principles. each day, you will read a different chapter, each one providing you with a short meditation, a scripture to ponder, and action steps to apply that will move you toward your purpose. for many years, people have been wondering about the greatest and most important question of all time: what is the purpose of our existence? but the question remains unanswered. a major reason why this question remains unanswered is because most people spend their lives merely trying to survive. but in order to really and fully live, you must first understand what your purpose is. once you understand your purpose, you will then be able to fulfill the dream god has for your life. manifestation of your purpose starts with definition of your purpose. to successfully manifest your purpose, you must first define it. your purpose is your destination. your life is a journey. your life is a quest. the purpose of your life is to become all that you can be. when you feel discouraged and want to give up, think of the scripture, i can do all things through christ who strengthens me. that is the perfect reason to keep trying. to manifest your purpose, you must first define it. 5ec8ef588b
